## Author | Speaker | Purpose Seeker

Rhonda inspires others to transform the world for good through leading self and others, communication, problem solving and teamwork, all with the ultimate goal of leading others to find and fulfill the purpose for which each was born and perfectly matched. It is through our purpose that we achieve our maximum impact.

*“Rhonda Sciortino is a force of nature... to hear her speak is to be engaged, challenged, moved and informed. Her life story, experience and what she has gained from all of that is worth the price of admission. Rhonda is an 11 on a scale of 10.” —Ron Storm, Moody Global Ministries*

We each have a unique combination of skills, talents, and abilities, and when we put them to work, we're genius. I want to help you find your genius.
